PROFESSIONAL SUMMARY

Frontend Developer and aspiring Data Analyst skilled in building responsive, user-friendly web applications using HTML, CSS, and JavaScript, with a strong foundation in Python, SQL, and data visualization. Passionate about creating intuitive user experiences, writing clean code, analyzing data, and transforming insights into meaningful solutions. Currently exploring modern JavaScript frameworks, data analytics tools, and scalable application architectures.

TECHNICAL SKILLS

Languages: C, Python, HTML, CSS, JavaScript, SQL

Frontend: Responsive Design, DOM Manipulation, UI/UX Optimization

Data Analytics: Data Cleaning, Data Analysis, Data Visualization, Exploratory Data Analysis (EDA)

Tools & Platforms: GitHub, VS Code, Vercel, Cursor

Data Tools: Tableau, Microsoft Excel, Pandas, NumPy

PROFESSIONAL EXPERIENCE

PR Lead – Technical Club, Meghnad Saha Institute of Technology | June 2025 – Aug 2026

- Led a creative team handling graphic design, branding, event promotion, photography, and visual communication
- Guided team members in creating posters, social media creatives, and event branding.
- Collaborated with the college PR team on media campaigns and event promotions

Web Developer Intern — InnoByte Services (Remote) | Oct 2025 – Nov 2025

- Redesigned King Sukh Guest House website using HTML, CSS (Tailwind/Bootstrap), and JavaScript, boosting responsiveness by 95%.
- Streamlined code and optimized assets, cutting load time by 40% and improving Core Web Vitals.
- Delivered a full redesign within 25 days through agile collaboration on GitHub and Vercel.

RELEVANT PROJECTS

Personal Portfolio Website | HTML, CSS, JavaScript [Live - Github](#)

- Developed a responsive personal portfolio website to showcase technical skills, projects, achievements, and professional experience in a structured and visually engaging layout
- Implemented smooth navigation, interactive elements, responsive layouts, and performance optimizations to provide a seamless browsing experience across different screen sizes

Stopwatch Application | HTML, CSS, JavaScript [Live - Github](#)

- Developed an interactive stopwatch application with start, pause, reset, and lap-time tracking functionality using JavaScript-based real-time controls.
- Designed a clean and responsive user interface with accurate time tracking and deployed the application on Vercel for easy accessibility.

Guess the Number Game | HTML, CSS, JavaScript [Live - Github](#)

- Built an interactive number-guessing game where users receive dynamic hints and feedback while attempting to identify the randomly generated number.
- Implemented score tracking, input validation, game logic, and animations to create an engaging and user-friendly gaming experience.

CERTIFICATIONS

Deloitte Australia — Data Analytics Virtual Experience Program (Forage)

- Completed Tableau dashboards, data classification, and insights simulation.

ACHIEVEMENTS

- Core Member, Megatronix — organized Paridhi, one of Eastern India's largest tech fests.
- Participated in Smart India Hackathon (SIH)
- Competed in a SAP – organized college hackathon

EDUCATION

B.Tech in Computer Science & Engineering (Data Science) – 7.40 GPA | Meghnad Saha Institute of Technology, Kolkata |
September, 2022 – August, 2026
